

We *Can* Help You.....

Avoid a Stroke

In Just 10 Minutes

How Can Our Program Help You?

A physician cannot typically order an Ultrasound evaluation on someone who has no warning signs of vascular disease. However, over 50% of people who suffer a stroke show no symptoms before the attack, and therefore are unaware of the potential problem. We provide non-invasive painless screenings that can identify vascular disease that can be used as valuable information for your personal physician to help you avoid a stroke. Life Line Screening is the nation's leading provider of health screening services.

Saturday, October 10 – Word of Life Assembly of Church, Springfield
Saturday, November 14 -Sydenstricker United Methodist Church, Springfield
Pre-registration Required! Call 1-800-324-1851 (code HSC 3549)

1. Carotid Vascular Test

This test scans the carotid arteries in the neck for plaque buildup.
75% of all strokes are linked to carotid artery blockage.

2. Abdominal Aortic Aneurysm Test

This tests for the existence of an aneurysm in the abdominal aorta.
The vast majority of people who have an aneurysm have no symptoms.

3. Peripheral Arterial Disease

This test screens for plaque build-up in the
lower extremities which is linked to coronary artery disease.
